

REACH (Registration, Evaluation and Authorisation of Chemicals)
Regulation No: 1907/2006

As far as the above regulation is concerned there is no obligation for us as a supplier to pre-register any of the 'articles' that we sell, as they have no intended release of chemicals through use.

According to our Suppliers none of their products contain any of the 205 "Substances of Very High Concern" on the ECHA Candidate Lists dated 16th January 2020.

We continue to gather information from our Suppliers on what they and their raw material suppliers have done in relation to the REACH regulations and should we receive any information regarding items that appear in the list then this information will be fed up our supply chain.

On behalf of Goldwing Cable,

A handwritten signature in black ink, appearing to read "P Gant".
